

# POLITECNICO DI TORINO

Torino, March 20, 2025

To Whom It May Concern:

I am writing this letter in support of the application of Simone Pio Candido to the Eurecom program.

Simone Pio Candido is now enrolled in the 1st year of the "Laurea Magistrale" (Master of Science) in Computer Engineering. He has obtained the Bachelor in Computer Engineering at Politecnico di Torino with final degree mark 108/110.

I knew Simone Pio Candido during teaching activity as he attended some of my institutional courses. He is very determined and during his studies he has gained interests in advanced features of computer science and, in particular, of computer networking, data science, and especially their application in the Internet of Things. In these courses he obtained above-average performance as a direct result of his hard work and strong focus. He ranks in the top 5% of the students I had in my courses at Politecnico di Torino.

It is therefore my pleasure to warmly recommend Simone Pio Candido for your consideration and I strongly support his application as an exchange student to your institution.

Sincerely,

Guido Marchetto
